COMFORT for the way you **LIVE**

CONTROL for the way you **PLAY**

CONFIDENCE in how you **RECOVER**

 DeRoyal®

Improving Care. Improving Business.™

OA double upright KNEE BRACE

FEATURES & BENEFITS

- Features a unique thigh cuff that is flexible yet durable; the three strapping system enables optimal suspension, protection and comfort by moving with the muscles throughout range of motion.
- Thigh cuff accommodates changes due to muscle atrophy, hypertrophy, weight gain or loss, and can be adjusted to accommodate larger patients.
- Strong and lightweight fiber-reinforced composite frame.
- Interchangeable condyle pads for OA unloading, increased comfort, stability and pain control.
- Numbered strapping system for intuitive donning and doffing.
- Silicone gripped calf strap liner to help prevent migration.
- Optional flexion/extension stops for range of motion control

INDICATIONS: Mild to moderate unicompartmental osteoarthritis
