Instruction Sheet: Angle Ladder 152005

Store these instructions along with the enclosed maintenance checklist in a safe place. You may also access them on our website.

Take time to familiarize yourself with the use and maintenance of this equipment before using. Please file this Instruction Sheet in an accessible location. The Instruction Sheet must be read and familiar to anyone who is using Southpaw Enterprises Equipment.

IMPORTANT: Please check equipment immediately for any damage that may have resulted during shipping. If any damage has occurred, please contact Southpaw Enterprises, Inc. immediately.

MATERIALS LIST:

1 - Angle Ladder (2 pieces)
2 - Knob Screw
2 - Washers

1 - Instruction Sheet
1 - Maintenance Checklist

WORKING LOAD: 300 lbs

ASSEMBLY:

- Stand the two ladders upright with the ropes at the bottom. Put the top of the narrow ladder inside the other half of the ladder.
- Place a washer on the bolt of each of the knob screws. Put the bolt into the top hole of the outside ladder and screw it into the threaded insert on the inside ladder.
- Spread the bottom of the ladders to the length of the ropes and tighten the knob screws.

MAINTENANCE CHECKLIST:

All of the following wear points should be checked on a monthly basis and recorded on the maintenance checklist enclosed.

- Check wood for splinters. If splinters are found, sand smooth and refinish with lacquer.

STORAGE PROCEDURES:

- Store where not accessible by clients without proper supervision.

CLEANING INSTRUCTIONS:

Check with your infectious disease department before using these procedures.

- Check for client allergies first.
- Wipe with a damp cloth using soap and water or disinfectant. Dry before using.

Safety Precautions - The safety of your clients is dependent on the appropriate choice of activity to match, yet challenge their physical abilities. Use appropriate spotting / safety techniques. In addition, the layout of your activity area, proper installation and maintenance of your equipment is critical. Southpaw equipment is not intended for recreational or outdoor use. Under no condition should this equipment be used without proper supervision.

This sheet is for example only. It is not meant to, in any way, replace local, county, state, or Federal standards. Be aware - it is your responsibility to find all pertinent safety information that pertains to your facility.
