

inflatable exercise rolls & balls

CanDo® inflatable exercise rolls

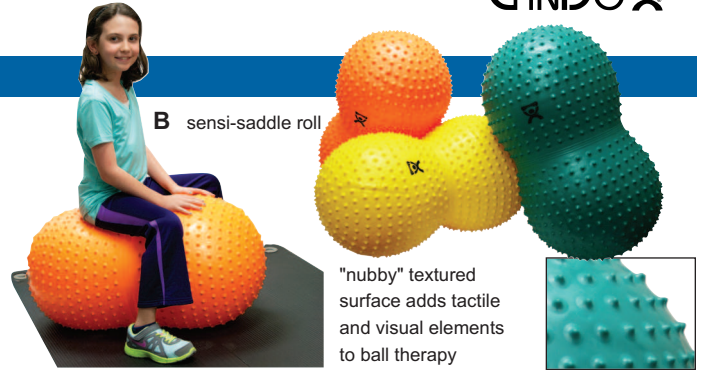

A saddle roll

"saddle" offers extra support for the patient

- easier to control because motion is limited to one direction
- aids in developing muscles, coordination and balance
- latex and phthalate-free
- supports up to 300 lb (136 kg)

B sensi-saddle roll

"hubby" textured surface adds tactile and visual elements to ball therapy

B sensi-saddle rolls

cm-dia x L	in-dia x L	color		
40 x 80	16 x 31	yellow	30-1735	35.00
50 x 95	20 x 37	orange	30-1736	45.00
60 x 110	24 x 43	green	30-1737	55.00

C straight roll

straight roll only moves in a forward and backward manner making it easier to use than a ball

C straight rolls

cm-dia x L	in-dia x L	color		
40 x 90	16 x 35	yellow	30-1780	30.00
50 x 100	20 x 39	orange	30-1781	40.00
60 x 110	24 x 43	green	30-1782	50.00

CanDo® ball stabilizer bases

ball sold separately on page 75

ball and tubing with handles sold separately on pages 22 and 75

- plastic base provides extra protection and stability during use
- ideal for individuals who are not comfortable with the instability of therapy ball
- prevents ball from rolling away when not in use

30-1840	small base (for 45 cm, 55 cm)	25.00
30-1842	medium base (for 65 cm, 75 cm)	30.00

CanDo® dynamic ball stabilizer base

4 built-in anchors and 2 grooves for exercise band and tubing

ball sold separately on page 75

- lightweight ball base measures 19.5" diameter and fits 45, 55, 65 and 75 cm exercise balls

- use base with band or tubing for dynamic workout
- use to stabilize ball during exercises

prevents ball from rolling away when not in use
