

OAKWORKS® Paper Roll Holder

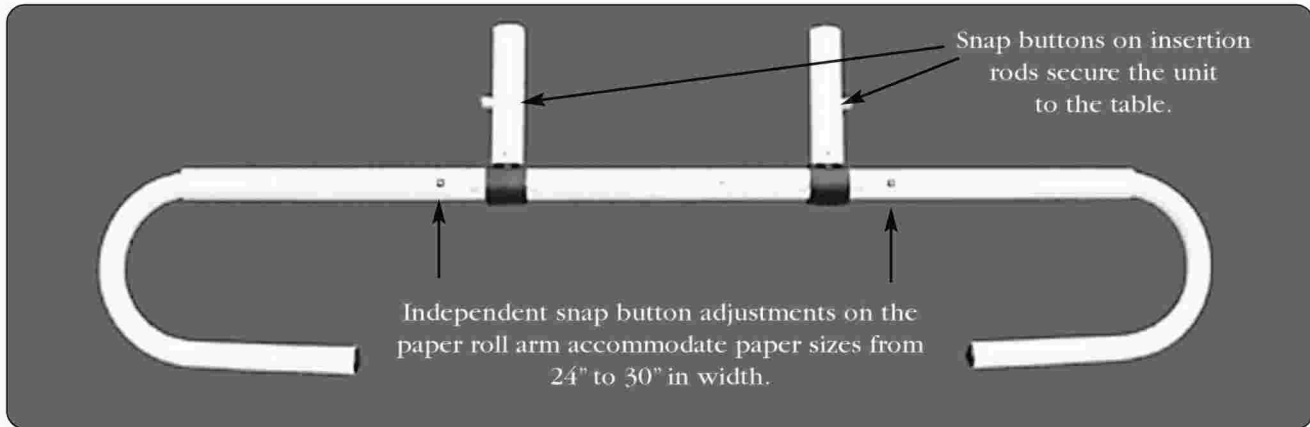

Fig. 1

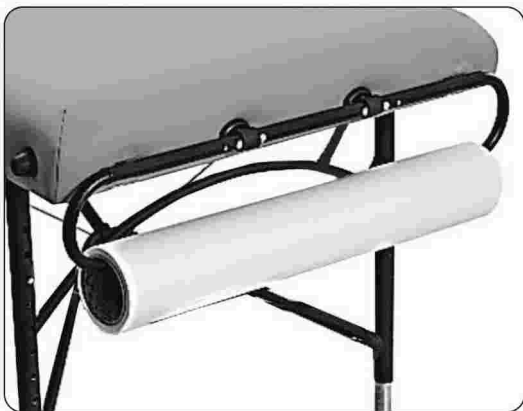

Fig. 2

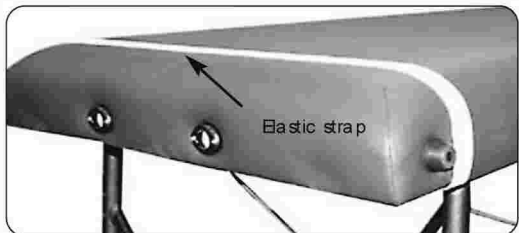

Fig. 3 Elastic strap holds the paper down

Fig. 4

Instructions for Installation:

1. Hold the snap buttons in (Fig 1) and insert the rods into the outlets at either end of the table. (Fig .2)
2. Use the smaller snap buttons on the paper roll arm to adjust it for the accomodation of paper rolls from 24" to 30" in width. (Fig.1)
3. To remove the unit from the table, push in on the snap buttons from underneath the table and pull the insertion rods out.
4. The tough powder coated finish makes cleaning easy: just wipe with a soft cloth or sponge and mild soapy water.

Instructions for Attaching & Using the Elastic Strap:

This Elastic Strap holds your paper down close to the table at the opposite end from the Paper Roll Holder.

5. The length of elastic included with your Paper Roll Holder is stitched in a continuous loop, like a giant rubber band. Simply slide this elastic band over the end of the table opposite to the end on which you installed the Paper Roll Holder.
6. Pull a length of paper from the Paper Roll Holder, across the top of the table and tuck the paper underneath the elastic. (Fig.3).
7. Your table is now protected and ready for your client. (Fig. 4)
