

# #6940/#6950 Elite Care Cliner

ISO 9001-2000 CERTIFIED

## *Hassle-free Design to Ease Care and Create Comfort for Your Patient*

Attention to detail and concern for comfort and quality - standards that Winco recliners are known for. The Dual-Swing Arm feature of these recliners make cleanup a breeze. This action also creates ease in care; transferring your patient from bed to chair can be comfortable and less stressful for you, and them. This Care Cliner also features LiquiCell®, an ultra-thin liquid-filled interface that aids in the process of preventing pressure sores without interfering with patient positioning or affecting stability.
