

Re-Order Number	Description	Size	Units
914734	Baseball Gel Maze	15" x 15"	Each
914735	Baseball Gel Maze for Light Box	15" x 15"	Each

Purpose

It has been found that therapeutic touch is effective in decreasing boredom and anxiety. The baseball gel maze provides a familiar subject and media that will encourage children to manipulate the gel and to move the marble throughout. The process will also help in improving eye-hand coordination and finger strength and dexterity.

Easy to Use

This sensory maze should be placed on a surface that is convenient to the child who should be encouraged to move the marble throughout. The experience could be enhanced when used on top of the light box (model 914735). The maze could be warmed in warm water or cooled in the refrigerator to experience warm and cold senses.

Easy Care

This vinyl sensory gel maze can be cleaned with any anti-bacterial agent. Although the gel is non-toxic, medical care should be consulted if the gel is ingested. If a tear or rip is observed the unit should be discarded.

Caution

This product is a possible choking hazard if the vinyl is punctured or comprised.
