

All-Turn-It-Spinner Overlay Directions

1. Choose the file to print based on the paper size you are using: 8.5 x 11” or 11 x 17”
2. Choose the type of overlay you wish to make: 8.5 x 11” or 11 x 17”
3. Set the printer orientation to Landscape.
4. Make sure 100% is chosen for scale or fit.
5. Print in color, one-sided.
6. Laminate, if desired.
7. Cut out templates on solid lines, keeping the tabs intact.
8. Set the cut edges next to each other to form the circular overlay and tape them.
9. Place on spinner. Trim the tabs slightly to improve the fit, as needed.
