

**THE NICE WAY
TO PUSH PEOPLE AROUND.**

Freedom XW
Bariatric Transport Chair

INCREASING MOBILITY AND ACCESS TO THE COMMUNITY.

Individuals who can walk by themselves but get tired easily still want to keep up with their family and friends. With the Freedom XW Bariatric Transport Chair, a friend or relative can push these individuals from behind when going out to restaurants and doctor's appointments.

Comfort

The large 22" x 18" (56 x 46 cm) seat features breathable nylon upholstery for maximum comfort.

Strength

The chair has a full 500-lb. (226.8 kg) weight capacity and is backed by a one-year warranty on spare parts and a lifetime warranty on the frame.

Portability

The chair rolls easily on 12" (30.5 cm) rear wheels. It's easy to carry and store, with a lighter weight than standard wheelchairs and a compact size when folded. Plus, you can remove the desk-length arms and swing-away footrests.

Safety

A seat belt, handbrakes and wheel locks are included for better control.

Item No.	Description	Weight Capacity	Seat Width
MDS80822B	Freedom XW Bariatric Transport Chair	500-lb. (226.8 kg)	22" (56 cm)
