

Sit-to-Stand lifts are designed for patients who have difficulty standing up on their own from a seated position.

Patients must be able to actively participate in the lifting process and be able to partially support their weight.

- Heavy gauge steel construction with white powder-coated finish and rubber-coated low base legs protect furniture and walls
- Spreader bar provides various hand-hold locations for the patient and accommodates various sling styles
- Large, easy to grip handles for easy maneuverability
- Intuitive foot pedal leg opening mechanism frees up hands
- Adjustable knee pad unit
- Quick-release removable foot platform for gait training
- Ergonomic hand pendant with hook
- Emergency stop button
- Warning beep and visual indicator on control box for low battery charge (24V DC motor)
- Accessory storage bag and how-to-use video included
- Designed to meet the requirements of HCPCS Code E0635

**Warranty:**

**Frame and spreader bar:** Three (3) year limited

**Actuator:** Two (2) year limited

**Batteries:** One (1) year limited
