

# PTHC155G

71.5" x 23.63" x 23.75" (H x W x D)

Single chamber passive heating blanket warmer with a self-closing glass door, stainless steel interior, digital thermostat, black cabinet, and lock

### Highlights:

Designed and assembled in the USA

No internal fans or moving parts ensure silent, safe, and efficient operation

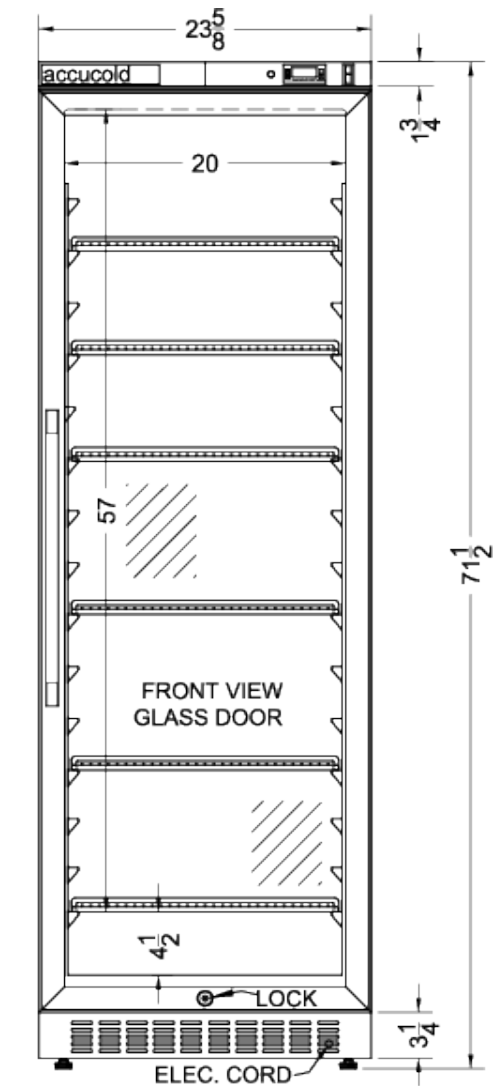

Stainless steel interior ensures durable use and easy cleaning

### Product Features:

|                                 |  |
|---------------------------------|--|
| 90 to 140°F temperature range   | Designed and set to keep blankets warm in hospitals, medical and physical therapy offices, spas, and other facilities                  |
| Passive heating                 | Fixed heaters located at the bottom of the cabinet with no fans or moving parts to minimize lint buildup for safer, more efficient use |
| Digital thermostat              | Electronic controls are conveniently located for easy temperature adjustment   |
| Electronic readout              | Large LED temperature display ensures your staff can easily monitor the interior temperature   |
| Silent operation                | No moving parts to ensure a quiet performance  |
| Double pane tempered glass door | Heat-safe glass door offers a full view of stored contents, with a stainless steel door trim to highlight the interior                 |
| Professional handle             | Stainless steel handle completes the professional look   |
| Self-closing door               | Door will automatically close when left ajar, preventing items from accidentally being left exposed to ambient temperatures            |
| Stainless steel interior        | Interior walls are constructed from stainless steel to ensure lasting durability and easy cleaning                                     |
