

Relax Sauna

THE ONLY SAUNA USING MEDICAL GRADE TECHNOLOGY

FAR
INFRARED
ENERGY

Feel the Relax Sauna Difference

Producing more than 95% Far Infrared Energy, Relax Sauna is made by the only sauna company that has been able to generate Far Infrared of this purity.

Filtering out the Near and Mid range, Relax Sauna's Infrared radiators contain forty semi-conductor chips that produce 1470 watts of pure Far Infrared energy, making it the only patented medical device of its kind.

Relax Sauna is considered by health professionals to be the most technologically advanced, yet simple to use portable sauna that is safe, convenient, reliable and is proven to provide the most effective benefit.

Far Infrared Portable Sauna

Designed with Medical Grade Craftsmanship and used by Thousands of Doctors and Practitioners World Wide

RELAX SAUNA®

is the ONLY portable sauna that uses the same patented Far Infrared generator technology used in the Sky Eye Radiator, which has received medical device certification from the FDA

FDA 510K (K05337)
