

DESIGNER CARE CLINER COLLECTION

VALUE SERIES

BEAUTY - PRACTICALITY - DURABILITY

The Designer Care Cliner Collection combines sleek design with soft urethane arms creating a unique blend of durability, beauty and unmatched patient comfort. The result is a recliner that offers practical clinical features required for efficiency and utility presented in a distinctly non-clinical package.

- Configurable for a wide range of applications in small, standard or XL sizes
- Integrated urethane caps provide unique styling, firm support, and extend arm life
- Sleek, well-proportioned seating surfaces
- Perfectly match your application, setting and patient treatment needs

**ENHANCING THE PATIENT
AND CAREGIVER EXPERIENCE**

FLEXIBILITY IN APPLICATIONS

The beauty of the Designer Care Cliner Collection extends to its flexibility for a host of applications. Small, standard, and XL model options provide comfort for a variety of patients without any sacrifice in aesthetics.

RECLINE CONTROL

All Designer Care Cliner models feature our 3-Position Push-Back Recline. Gravity operated, gentle resistance allows the patient or attendant to easily extend the footrest and set the desired backrest angle.

Model 5400 includes a built-in Patient Positioning Lock-Bar which is accessible only by the caregiver.

Shown: Patient-Positioning Lock-Bar (Model 5400)

TRENDELENBURG

For clinical applications, Trendelenburg positioning is available (6700 and 6710 only). Trendelenburg is operated from the rear and/or from either side of the chair with a full width positioning bar.

TABLE OPTIONS

Select from three table options in left, right, or dual-side configurations:

- Standard Side Table lifts-to-raise-and-lower
- Side Table with Wood Tabletop in light or dark tones to elegantly accentuate any setting
- Pivot Table that swivels to allow the patient to have a tabletop in front of them

Standard Table

Pivot Table

DESIGNER ARM CAPS

Durable Black urethane arm caps are standard on all models in the Designer Care Cliner Collection. For an enhanced look, optional light or dark tone wood upgrades are also available in wide or narrow widths. The wide version mimics the lines of the urethane arm retaining the design flare and overhang for easier patient grip while the narrow version offers a distinct flush design for an even more contemporary appearance.
