

ADJUSTABLE WRIST HAND BRACE

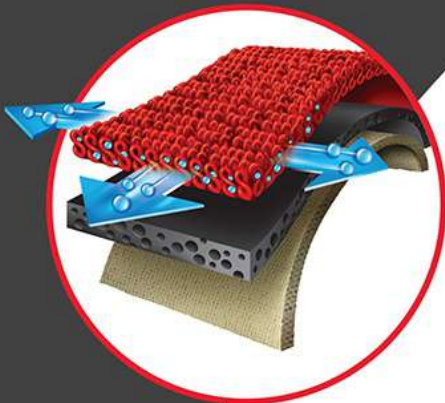

ORTHOzone

THERMOSKIN

TRIOXON® ADVANTAGE

Exclusive Trioxon 3 dimensional lining provides heat therapy & pain relief. Soft, comfortable inner layer wicks away moisture. Middle layer helps increase skin temperature for heat therapy. Outer layer provides light compression.

Thermoskin Adjustable Wrist Hand Brace features a metal splint positioned at 25 degrees to provide the protection and support needed for Carpal Tunnel Syndrome, Overuse Injuries, Sprains and Strains. Side stabilizers at each side of wrist and three locking straps provide sturdy protection for wrist injuries. Exclusive Trioxon lining is soft & comfortable against the skin while providing increased circulation & heat therapy.

PRODUCT ADVANTAGES:

- Lined with the exclusive Trioxon® Advantage material for heat therapy & enhanced recovery
- Clinically tested to increase skin temperature and blood flow for pain relief
- Provides light but firm compression to counteract tissue swelling
- Metal splint at the palmer (inner) surface of the wrist for stability
- Side stabilizers on each side of wrist for additional support
- One Size Fits Most design with three adjustable locking straps for greater adjustability & a more comfortable fit
