CordLess® Pads & Mats For Bed & Chair Exit Alarms

Works with:

Central
Monitor Unit
433-CMU-40/60

CordLess®
Alarm
433-EC

CordLess®
Monitor
TL-2100G

No Cords Between Pads & Monitors

When using a CordLess® Pad with a CordLess® Monitor you are able to remove the alarm noise from the room, creating a quieter environment for residents.

The Pad is placed under resident, either on a chair or bed, and the floor mat can be placed either by the bed or by the door. When a resident gets up from a pad, or steps on a floor mat, a wireless signal is sent to the monitor setting off an alarm to alert caregivers.
