

Comfortable, safe, and durable, the Elevating Therapy Tilt Table is ideal for nursing home and rehabilitation facility use. Smooth and secure elevation adjusts from 22.5-39.5" high, and tilts from a horizontal position to 90°. A heavy-duty powder coat frame supports a load capacity of 350 lbs. and includes an extra-large foldaway foot plate with non-skid surface and dual safety straps for added stability. The 2" high density foam cushions with two configurable options are designed for patient comfort. The two section cushion configuration includes a manual lift back that adjusts to 70°.
