ErgoWave

Roller Massage Table

STANDARD FEATURES:

- Load capacity: 350 lbs.
- 78"L x 25"W x 24"H
- Triple rollers mounted on three axles to isolate lumbar, thoracic or cervical regions
- Quick height adjustments: gas spring makes roller height adjustments quick and easy
- Ultra quiet operation: high-quality motor for nearly silent operation without disturbing vibrations
- Built-in storage shelf
- Welded steel frame for stability
- 30-Minute timer
- 3" Roller height adjustment

EW9080

The unique wave action of the ErgoWave roller massage table travels up the spine like a wave, with three independent rollers repeating every 13 seconds. Using this table, you can cover all areas of the patient's spine and also isolate the lumbar, thoracic or cervical regions. A powerful, yet nearly silent motor never disturbs your patient's relaxation. For added comfort, add a leg bolster or head pillow.
