

## Information Center

ReOrder #	Description	Size	U/M
915310	Flame-Snuffer	30" x 30"	Each

## Main Uses

Although the **FLAME-SNUFFER** is not intended as a substitute for a fire extinguisher it may be more convenient to use where there are grease fires in a pot or pan. It may be easier to locate and apply and has less of a chance to spread the fire. Refer to usage demo on how to properly use the **FLAME-SNUFFER**.

## Did You Know?

According to research from the National Fire Protection Agency (NFPA), “cooking fires remain the leading causes of home structural fires and home fire injuries and smoking materials continue to be the leading cause of home fire deaths.” During the five year period covered by the report roughly one in every 310 households per year had a reported home fire each year these fires caused an estimated 2,650 deaths, 12,890 injuries and \$7.1 billion in direct property damage. On average seven people died in the U.S. home fires every day.

## Caution

- This pad is not to be used as a substitute for a Fire Extinguisher
- Only use on metal containers
- Inspect **FLAME-SNUFFER** for rips and tears before each use.
