Accessories sold separately

GAR250 **Multi-Storage Tower**

The Body-Solid GAR250 Multi-Storage Tower is a fully customizable multi-product storage solution for fitness facilities of all sizes. Designed to store medicine balls, slam balls, stability balls, kettlebells, dumbbells and more. Three round tube shelves make for ideal storage of medicine balls, wall balls and slam balls. The top round tube shelf includes a place to hang mats, towels, bands, tubes and more. Two heavy-duty, high capacity trays (40" wide x 15.5" deep) accommodate dumbbells, kettlebells and just about anything else. Additionally, the GAR250 Multi-Storage Tower features hanging mat storage, pegs for accessories, cable handles, resistance bands/tubes and more as well as three stability/swiss ball holders. Included locking caster wheels allow for easy mobility and can be removed if desired.

Weight: 156 lbs.
Dimensions: 32"L x 79"W x 87"H
