

DARCO® GENTLE STEP SHOE

The Ultimate Comfort in an Extra Depth Shoe

The Gentle Step Shoe, designed by a leading American podiatrist, provides the ultimate in comfort and protection. It is light weight, machine washable and vented for breathability. For maximum comfort and function, the Gentle Step is fitted with a pair of removable, multi density insoles.

Special Features:

- Mid rocker sole permits easy ambulation
- Single hook and loop strap fastener for easy closure and security
- Toe upper is made of soft elastic material that easily accommodates deformities and reduces pressure from edema
- Constructed with special materials to reduce friction and pressure
- Firm extended heel counter for rear foot stability
- The Gentle Step Shoe meets all requirements of the Medicare Therapeutic Shoe Bill
