

HELPUUP INFLATABLE FLOOR ASSIST LIFT

The inflatable floor to feet chair lift was designed to safely lift an individual off the floor after a fall in just minutes. With only one assisting caregiver, the HelpUp with Airlift technology can inflate and quickly raise an individual back to a standing position.

Best Option for Fall Risk

300 LBS.
WEIGHT CAPACITY

21 LBS.
UNIT WEIGHT

30 FT.
POWER CORD

◆ AirLift Technology Inflation Pump

The high-flow inflation pump utilizes airlift technology to quickly and safely restore a fallen patient to a seated or standing position with the push of a button.

◆ Contoured Seat & Secure Handles

Features slip free material and secure handles, ensuring maximum safety when lifting the fallen patient off the floor.

◆ Compact for Storage or Travel

The Help Up includes a convenient rolling duffel bag for easy access, storage, and transportation.
