

## Innova™ Full Face CPAP Mask

### Maximum Comfort, Minimum Weight

The **Innova™ Full Face** mask is the latest addition to the Innova product line. Similar to the Innova nasal, it features patented AIR<sup>o</sup>gel™ with Advanced Cushion Technology and Active Headgear Connector™. The permanent cushion allows for a very lightweight and simple to use full face mask.

The Innova Full Face Mask also incorporates the unique Touchless Spacebar™, which eliminates any contact with the patient's forehead and makes it even more comfortable to use.

Innova Full Face CPAP Mask

### Performance and Design Features

- Unique Touchless Spacebar™ design eliminates contact with the patient forehead
- Lightweight, breathable headgear with quick release that easily slides off with one hand
- Ergonomic Advanced Cushion Technology for an effective seal and comfortable fit
- Active headgear connector moves with the patient for a more reliable seal
- Permanent cushion allows for a lighter and simpler interface
