

THERMAL VENT® CARPAL TUNNEL BRACE WITH THUMB SPICA

- Metal splints help stabilize the thumb and reduce wrist motion
- Helps relieve repetitive stress injuries to the wrist and thumb
- Firm support for weak, injured, or aching wrists and thumbs
- Maintains the wrist in a neutral position
- Adjustable closures for easy application and custom fit

THERMAL TECHNOLOGY

Engineered with MVT²:
MicroVentilated Thermal Technology™

Thermal Vent Supports are a valuable aid to help rehabilitate injured tissue. These products provide warmth and heat therapy to help increase pliability and elasticity of muscles and tendons, making them more responsive to therapy and exercise.

Available From:

WRIST & THUMB SUPPORT

The Swede-O® Thermal Vent® Carpal Tunnel Brace with Thumb Spica provides comfortable support and compression to help relieve pain and discomfort associated with carpal tunnel syndrome, RSI, skiers thumb, and other wrist and thumb related injuries.

This product has a removable 6" palmar support and a removable 7" contoured aluminum thumb splint to help restrict wrist and thumb motions that may aggravate nerves, tendons, or ligaments. The adjustable thumb closure ensures desired thumb positioning and the adjustable wrist closures provide a custom fit. This product contours to the natural shape of the wrist and thumb for increased comfort and support. Specify left or right hand when ordering.

Your Thermal Vent Support should be a snug and comfortable fit.
Not too tight, not too loose. If in doubt, try next larger size.

Measure evenly around
wrist joint
