

THE LIGHTSPEED ADVANTAGE

LSP-400

The LSP-400 provides unrivaled stability while maintaining a low profile. Our system is constructed with 2" x 3" steel tubing and meets the needs of training rooms, gyms or rehabilitation centers.

This system includes:

- Frame with all hardware
- Super Lift Belt
- Set of Lift Straps
- Pair of Magic Shorts
- Universal Lift Belt

(Treadmill not included)

LSX-500

The LSX-500 provides stability, versatility and extra safety features. The overhead cage provides an attachment point for the safety harness and can be used with or without a treadmill for balance and functional purposes. Recommended for sport performance centers and rehabilitation centers.

This system includes:

- Frame with all hardware
- 1 Universal Lift Belt
- 1 Super Lift Belt
- 1 Set of Lift Straps
- 1 Overhead Safety Harness
- 2 Pair of Magic Shorts

(Treadmill not included)

ELEVATE PERFORMANCE.
BEST RANGE OF MOTION. BEST ENDURANCE TRAINING. BEST CHOICE.
