

PRODUCT FEATURES

- Includes both non-skid bottom and hook and loop attachment.
- Available in Zero Elevation, Anti-Thrust and Wedge styles.

QUADRA3D GEL PACK

The pressure-relieving Quadra3D gel pack reduces shear forces and heat build-up. Includes four three-dimensional compartments that evenly distribute gel under the seated surface.

COVER OPTIONS

STRETCH-AIR FABRIC: designed for air transmission and heat dissipation. This breathable laminate combines a high-stretch polyester top layer with a waterproof, breathable vapor barrier.

COMFORT-TEK FABRIC: the fluid proof exterior has supple leathery properties that provide an easily cleaned surface and protection for the inner cushion. Comfort-Tek has multi-dimensional stretch and helps alleviate pressure on bony prominences.

CUSHION STYLES

ZERO ELEVATION: The M2 Zero Elevation cushion allows for greater freedom of movement for standard positioning issues.

ANTI-THRUST: The M2 Anti-Thrust cushion provides anterior pelvic build-up to prevent forward migration.

WEDGE: The M2 Wedge cushion controls forward leaning by adding slight anterior height.

M2: ZERO ELEVATION
