

# MedRISER™

## Sling Options

### General Purpose Highback (Mesh) Sling

- Used to lift individuals during common lifting situations – to and from bed, wheelchair, toilet, shower chair, and from the floor.
- Used for individuals with limited body function and mobility capacity, and serves individuals with varying degrees of head and neck control.
- Made of a quick dry mesh fabric with quilted cushioning foam added at the leg section for additional comfort.
- This fabric is recommended with the sling is left in place for longer periods of time after transfer and or when an air flow is desired.
- This material can be adopted for patient transfers, hygiene, and toileting task.
- Available in sizes S, M, L, XL, and XXL

### Universal Padded Highback Sling

- Used to lift individuals during common lifting situations – to and from bed, wheelchair, toilet, shower chair, and from the floor.
- Used for individuals with limited body function and mobility capacity, and serves individuals with varying degrees of head and neck control.
- With additional mid point strap can lay individual flat for lateral transfer.
- Made of a padded fabric with quilted cushioning foam added at the leg section for additional comfort.
- Fabric is recommended for individuals with sensitive skin and or elderly requiring back and thigh support.
- Available in sizes S, M, L, XL, and XXL

### Hygiene Sling

- Used to lift individuals during toileting purposes and allows the caregiver to remove the individuals pants easily.
- Made of a padded foam fabric under the arm area with quilted cushioning foam added at the leg section for additional comfort.
- This fabric is recommended for individuals with sensitive skin and or elderly requiring back and thigh support.
- Available in sizes S, M, L, XL, and XXL

## Ambulation Sling

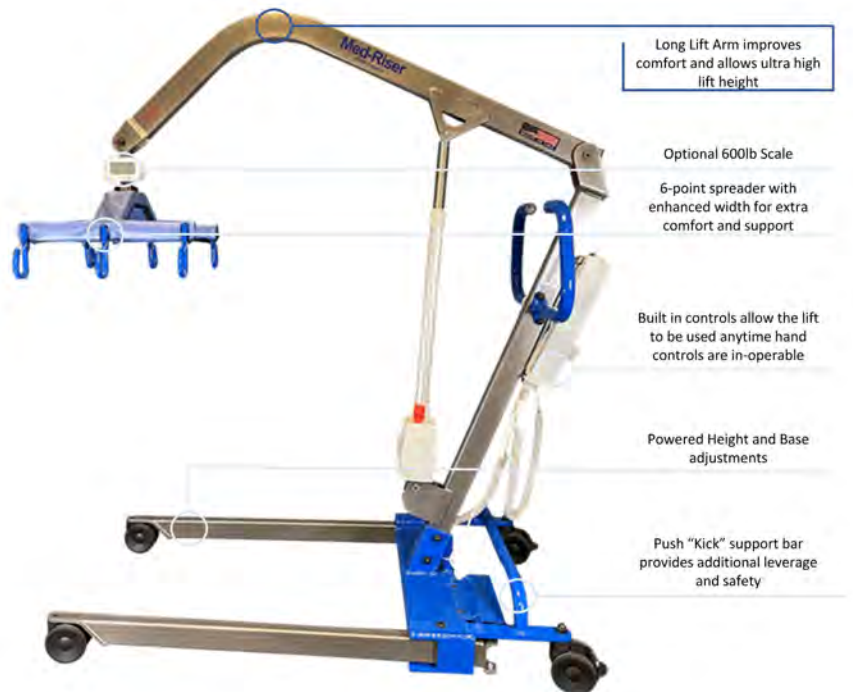

- The sling is used to support the upper trunk of individuals to carry out gait training, and standing/rising exercises for rehabilitation.
- The Ambulation Sling is made of a padded foam back (extra comfort) with cushioning foam added at the leg section for additional comfort.
- Available in sizes S, M, L, XL, and XXL
