

MIAMI Jr®

The Miami Jr is the breakthrough collar designed exclusively for children of 12 years and under. The Miami Jr line, which spans the growth cycle, is sized according to age. Össur is the only company that has a pediatric line of collars based on the anatomical differences between adults and children. We realize that children are not just “little adults” – they require innovative design.

Color Coding Kids™

The Broselow-Luten System™
