Details Make the Difference

1.

2.

3.

4.

1. STERNUM PAD

This alternative chest pad is the most comfortable support for large-breasted clients.

2. ADJUSTABLE CHEST PAD

Prone or seated, this adjustable chest pad provides the best support and comfort.

3. POWDER COATED ALUMINUM FRAME & QUICKLOCK™ FACE REST

With simple adjustment features, the face rest allows for superior client positioning. Durable aluminum construction with powder-coated frame provides strength and easy maintenance.

4. BALANCED BASE

With this sturdy balanced base, set-up is possible on any surface with a minimum of effort.
