		Input Voltage	AC110- 240V~550Hz
Model Number	MA-2000	Battery Capacity	1200mAh

OPERATION GUIDE

1. Remove eyeglasses, hair pins, or other hair accessories before using the Eye Massager.
2. Place the head strap over your head and adjust the massager to rest comfortably over your eyes before you start your treatment.
3. Press and hold the POWER button for 3 seconds to turn on the device.
4. Press and release the POWER button to change the therapy mode. Repeat to cycle through the various modes until you reach the desired setting.
5. The automatic timer will shut off the device after 15 minutes of use.
6. Keep your eyes closed during treatment.

IMPORTANT: You may experience blurriness after use. This is normal and will subside after a few minutes.

BLUETOOTH MODE

- Bluetooth mode will automatically activate when the device is powered ON.
- Press the SCAN button to allow the device to discover your phone.
- Select “Eye Massager” when it appears on your phone screen to pair your devices.
- After pairing, you can play music through the platform of your choice.
- Press and release the POWER button twice to deactivate or reactivate Bluetooth Mode.
