

# ROD WALL (9RDWL)

## INSTRUCTIONS

Thank you for your purchase.

Inspect the entire unit **immediately** after you take it out of the box. If there is any concealed damage, please contact us immediately at 800-467-6222 to report. **You only have 5 days to report damage for replacement or refund.**

Take time to familiarize yourself with the equipment, each component, and the recommended maintenance of this equipment before using or engaging any person with it. Please file this instruction sheet in an accessible location; this sheet must be read by and not alluded to anyone who is supervising or using TFH Equipment.

### Packing List:

- Rod Wall Panel
- Brass Clips (4)
- Acrylic Rod Set (144; 16 each of red, green, purple, yellow, orange, blue & clear; 32 black)

### Wall Mount Installation:

1. Lay Rod Wall face down on clean surface.
2. Brass Clips (4) are installed upside down for shipping purposes.
  - a. Unscrew each Brass Clip and turn 180-degrees and reattach the Brass Clips so single hole is exposed for mounting to your wall.
3. For best results, mount Rod Wall to a stud with the appropriate hardware for your wall.
4. Plug in Rod Wall and adjust the dimmer switch (top right) for the desired lighting.
5. Place colored acrylic rods in desired patterns in predrilled holes

NOTE: Rod Wall can be used on a flat surface as well.

**Safety Precautions** - The safety of your clients is dependent on the appropriate choice of activity to match yet challenge their physical abilities. Use appropriate spotting / safety techniques. In addition, the layout of your activity area, proper installation and maintenance of your equipment is critical. TFH equipment is not intended for general recreational use. Under no condition should this equipment be used without proper supervision. This sheet is for example only. It is not meant to, in any way, replace local, State, or Federal standards. Be aware - it is your responsibility to find all pertinent safety information that pertains to your facility.
