

PILOT SEAT

FLUIDIZED GEL CUSHION

MODEL # PAF6325

WITH AIR-FLO BREATHABLE FABRIC

Comfort for Professional Pilots

Fly with the SKWOOSH Pilot Seat with AirFlo breathable fabric and experience real "Pilot in Command" comfort. SKWOOSH fluidized gel cushions are more comfortable because they relieve pressure on the "sitz" bones to maintain circulation, reduce numbness and lower back discomfort caused by prolonged sitting.

The Pilot Seat fits all aircraft seats, including those with a central harness attachment and it conveniently fits in most chart cases and carry-ons. The non-skid bottom makes SKWOOSH stay put, ensuring no movement during use while the low profile ($\frac{3}{4}$ ") allows for normal seat position. SKWOOSH cushions are made in the USA.

DIMENSIONS

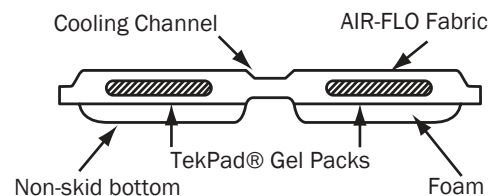

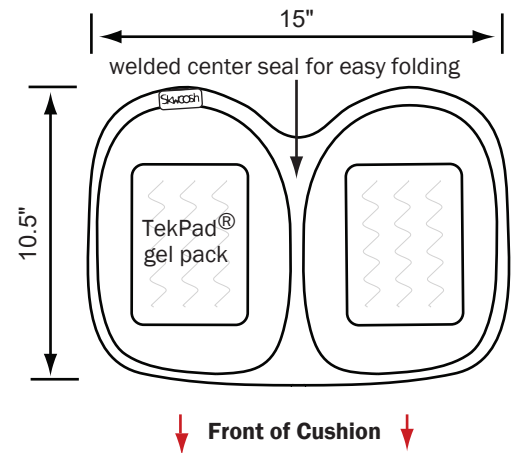

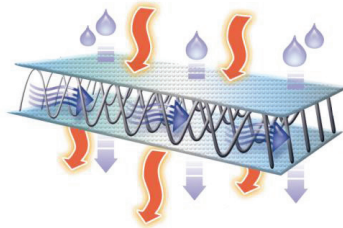

- Weight: 8 oz.
- Open Dimensions: 15"W x 10 $\frac{1}{2}$ "L x $\frac{3}{4}$ "H
- Folded Dimensions: 7 $\frac{1}{2}$ "W x 10 $\frac{1}{2}$ "L x 2"H
