

DCS™

Plantar Fasciitis Sleeve

The DARCO DCS™ Plantar Fasciitis Sleeve is woven to be anatomically correct. Wave compression technology on the plantar surface of the foot provides a sustained stretch on the plantar fascia. The DCS™ PF gives relief from the discomfort associated with plantar fasciitis by promoting circulation, reducing edema, foot fatigue and relieving morning foot pain.

DARCO

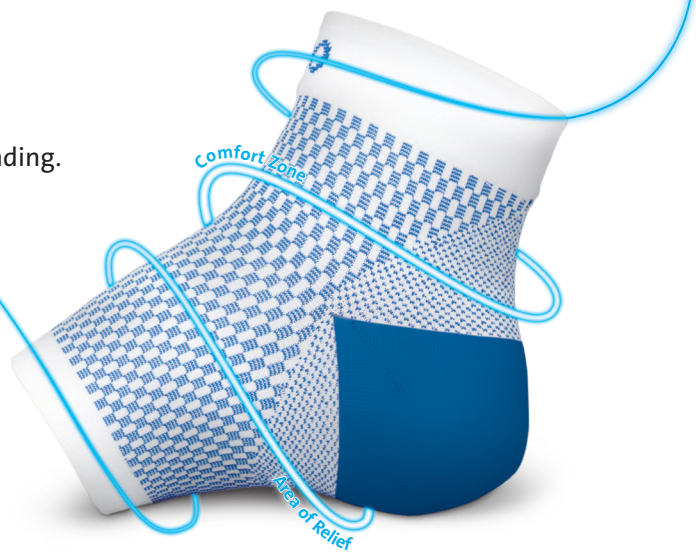

DCS™ Plantar Fasciitis Sleeve Features and Benefits:

- › **Wave compression** provides a consistent and sustained stretch to the plantar fascia.
- › The DCS™ PF **improves circulation** and **reduces edema**.
- › **24 hour support** - wear while sleeping or under socks when active.
- › **Anatomically woven** for maximum comfort.
- › Constructed of **medical grade fabric** that is **latex free**.
- › **Comfort Zone** on the Anterior Ankle Fold to prevent pinching or binding.
- › **Low Profile Design**.

Featuring *wave* Compression Technology
