Please remove all the components from the package / box and lay them on the floor / table etc. The list below will detail all components / parts.

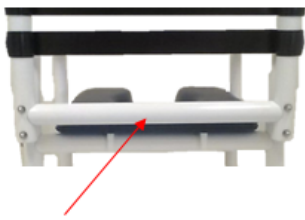

1. 2 each side braces, Left and Right (Left is tag PINK), (Right is tag BLUE) when facing you.
2. 3 each 20.5" Cross Braces, 2 will have pilot holes drilled to insert the wire hangers for commode pail (They are the top cross braces facing each other when assembled and CABLE TIED in the package, the YELLOW tag one is front brace, the RED tag one is back brace), the third goes in the front LOWER SECTION and will have a GREEN tag. NOTE: All cross braces have a retainer screw underneath, the retainer screw should face down.
3. 2 each wire hangers, must be inserted into the cross braces with pilot holes. Insert wire hangers to the front side cross brace first then proceed to insert wire hanger to the back cross brace. The front cross brace must be secured to the side panels.
4. 7 quart Commode Pail with Lid and handle
5. Snap On Soft Seat
6. PVC back with Vinyl straps (remove temporary cross brace after installation of top retaining screws. Proceed to install bottom retaining screws after temporary cross brace is removed)
7. 4 each 3" Twin Locking Casters

All Components / Parts

Assembly Steps

Left side brace (Pink tag) with bottom cross brace (Green tag) secured (Step 1)

Remove temporary cross brace from back as this brace serves as the chair's front bottom cross brace

Both left and right side braces (Blue tag) secured with bottom cross brace (Step 1)

Both Left and Right side braces secured with two cross braces (Go ahead and insert the wire hanger to the front top brace Yellow tag) (Step 2)

Both Left and Right side braces secured with all 3 cross braces (Prior to completely securing the back top brace (Red tag) inset the backside of the wire hanger) Then proceed to secure the cross brace and side braces (Step 3)

Shown with the base frame complete and with 7 quart commode pail (Step 4)

Shown with the base frame complete, 7 quart commode pail, and clip on soft seat (Step 5)

Tools needed to fully assemble the New Era PVC Shower Commode Chair.

Allen Wrench

Phillips Screwdriver

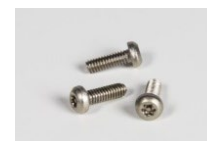

Crescent Wrench

Assembly Components

(6 each) 1/4 x 20 x 3
Pan head Metal Screw

For Side Panels – will
secure the width left to
right with the cross
braces 3 per side

(4 each) 8 x 1/2 Phil Pan T/S SS
18-8

To secure caster wheel and
PVC Cap to PVC Frame (front
and back)

(4 each) 1/4-20 Acorn Cap Nut
Stainless

PVC Back Rest – 2 per side

4 ea. 1/4" x 20-3 1/4"

Bolts securing back
2 on each side

Component Placement

4 ea. 1/4" x 20-3 1/4"

Bolts securing back
2 on each side

(4 each) 8 x 1/2 Phil Pan T/S SS 18-8

To secure caster wheel and PVC Cap to
PVC Frame (front and back)
