

ROHO[®] SOFFLEX[®] 2 MATTRESS OVERLAY SYSTEM

SKIN PROTECTION

Protecting an individual's skin/soft tissue is critical for prevention and treatment of pressure ulcers. The ROHO SOFFLEX 2 Mattress Overlay System is a non-powered, adjustable and reactive support surface for individuals who require skin/soft tissue protection or have other therapeutic needs. The SOFFLEX 2 provides individualized pressure, shear and friction management through force redistribution to an individual's shape.

COST EFFECTIVE

The SOFFLEX 2 is a cost effective option for different care settings, costing less than high-quality powered mattress systems. It can also be easily cleaned and disinfected for reuse.

ADJUSTABLE

Flexible, interconnected air cells can be adjusted to match the body's contour, providing personalized therapy and critical skin/soft tissue protection. The SOFFLEX 2 is made of three sections that snap together. Simply add or release air in each mattress overlay section to accommodate the individual's needs.

NON-POWERED

No need for concern of power failure or energy consumption costs.

EASE OF USE

The SOFFLEX 2 is lightweight, easy to transport, easy to adjust and set up on different bed types.

Choose the SOFFLEX 2 for protection and peace of mind!

ROHO® SOFFLEX® 2 MATTRESS OVERLAY SYSTEM

APPLICATIONS	FEATURES AND BENEFITS	MORE PRODUCTS FROM ROHO
<p>THE SOFFLEX 2 IS EFFECTIVE FOR INDIVIDUALS WHO:</p> <ul style="list-style-type: none"> - are at risk of developing pressure ulcers and/or tissue injury - are at risk for skin/soft tissue breakdown - have any stage pressure ulcer, skin grafts or recent myocutaneous flap surgery - need comfort - need pain management - need a mattress overlay that provides an individualized fit 	<p>AIR FLOATATION TECHNOLOGY: Air Floatation technology redistributes forces that can cause peak pressure, shear and friction. The SOFFLEX 2 is effective for comfort, pain management, skin/soft tissue protection and treatment.</p> <p>TRANSPORTABLE: The SOFFLEX 2 weighs only 6.5 lbs (2.9 kg).
