

Ambulation TRAINING

The PHS Medical Ramp and Curb Training Set is a great product for patients working on ambulation training in a therapy setting. This is a perfect product for smaller clinics limited in space or for larger clinics who need to add more ambulation training to the therapy floor. There is an adjustable ramp and stairs attached to various levels of difficulty as the patient progresses. Each curb increases by 2" for an overall height of 8".

RAMP AND CURB TRAINING SET STANDARD FEATURES:

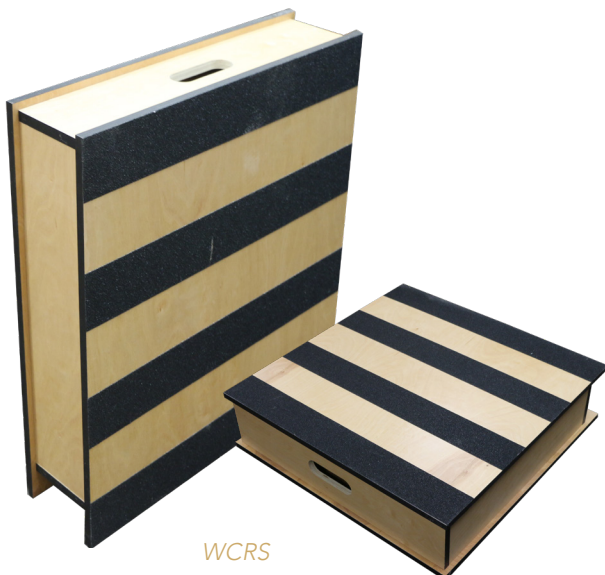

- Load Capacity: 350 lbs.
- Overall dimensions: 84"W x 44"W x 8"H
- Hardwood plywood construction
- Adjustable curbs store beneath platform
- Anti-slip safety tread on platform and all steps for increased safety
