

Safety Products & Supplies

DeRoyal Safety Products are designed to take care of the caregiver as well as the patient. Each product has been engineered to provide workplace controls aimed at helping prevent injury or illness that can occur in the healthcare setting. Whether it is an aid to help prevent back strain, reducing the danger of exposure to bloodborne pathogens, minimizing spills from waste fluid or eliminating surgical smoke, DeRoyal products are convenient and cost-effective, with quality designs that put safety first. For complete product listings, please refer to DeRoyal's product-specific brochures.

SHARPS SAFETY

Safety Scalpels with Retractable Blade* and Blade Removers

- This patented* safety scalpel allows a controlled retraction of the entire blade
- Safe and easy to open, with temporary forward locking to prevent accidental retractions
- Permanent lock position for disposal now standard on all versions
- Ribbed, slip-resistant finger grips for a secure hold in gloved hands, accommodating a variety of hand positions
- High-visibility red color denotes a biohazard to ensure proper disposal in sharps container
- Full blade visibility at all times to reduce the chance of accidental injury
- Clinically reviewed and industry-listed as sharps safety device meeting O.S.H.A. requirements
- Not made with natural rubber latex

* U.S. Patent # 5,531,754; U.S. Patent # 6,254,621

SHARPS SAFETY

Canica-Safety® Reusable Retractable/Ejectable Scalpel Handle

- Allows retraction of the scalpel blade inside the handle before passing to reduce the risk of sharps injuries
- Slider activation allows touchless disposal of used blades into a needle counter box
- Is the only reusable handle that accepts most all conventional carbon stainless steel blades for easy conversion and maximum savings
- Similar in length, weight, and feel to a traditional scalpel handle to provide surgeon comfort and familiarity
- Ambidextrous design for both right and left-handed surgeons
- Constructed of high-quality anodized aluminum and stainless steel
- Two-piece reusable handle uses standard hospital protocol for sterilization
- Even more cost savings when used with Swann-Morton and IonFusion™ blades from DeRoyal
- Two-year warranty
- Patent pending

Product No.	Description	Quantity	D6907 & D6908 Fits Blades Sizes
D6907	#3 Canica-Safety Reusable Handle	5/Cs	6, 10, 10A, 11, 11P, 15A, 15C, 15T, 16, 40
D6908	#3L Canica-Safety Reusable Handle	5/Cs	
			D6909 & D6910 Fits Blades Sizes
D6909	#4 Canica-Safety Reusable Handle	5/Cs	18, 19, 20, 21, 22
D6910	#4L Canica-Safety Reusable Handle	5/Cs	

*All Canica-Safety™ Handles are packaged non-sterile, Not made with natural rubber latex.

Canica-Safety is a registered trademark of Canica Design, Inc.

25-1504	DeBlade Needle Counter, Foam Block/Adhesive (40 Count 80 Capacity)	12 Pks/Bx, 4 Bxs/Cs
25-1701	DeBlade Needle Counter, Foam Strips/Magnetic (15 Count 30 Capacity)	25 Pks/Bx, 4 Bxs/Cs
25-1702	DeBlade Needle Counter, Foam Strips/Magnetic (30 Count 60 Capacity)	27 Pks/Bx, 4 Bxs/Cs
25-1801	DeBlade Needle Counter, Foam Strips (30 Count 60 Capacity)	25 Pks/Bx, 4 Bxs/Cs

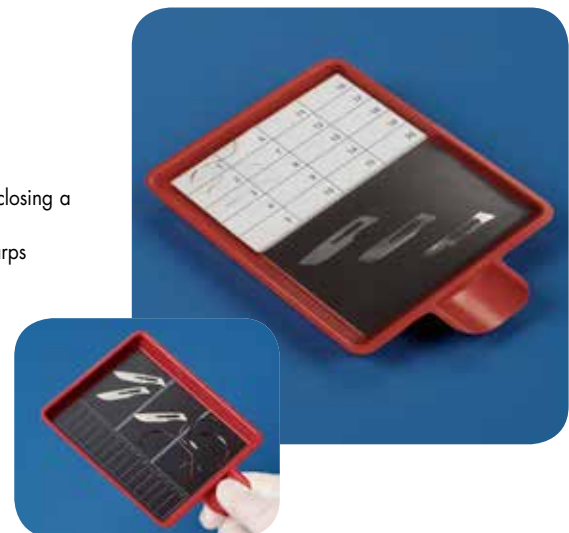

DeBlade is a trademark of DeRoyal.

Simplicity® Sharps System

- Unique patent pending design reduces the chance of accidental sticks associated when closing a traditional needle counter box
- Convenient thumb holder distances hand away from the sharps during transport to a sharps container
- Easy to read numbers and space to facilitate correct count of sharps
- Foam block aids in securing suture needles and performing accurate counts
- Supports hospital in reducing their regulated medical waste

Product No.	Description	Quantity
25-0900	Simplicity	108/Cs
25-0900NS	Simplicity, Non-Sterile	200/Cs
25-0901	Simplicity w/Foam	108/Cs
25-0901NS	Simplicity w/Foam, Non-Sterile	200/Cs

SHARPS SAFETY

Sharps Safety Guidewire Introducer Needle

- Assists clinicians in improving safety
- Innovative needle safety handle that advances from hub to cover needle point
- Sheath that covers needle shaft simultaneously advances as the handle is activated
- Provides protection from blood on shaft as well
- Promotes compliance with HB5178, SB3067 the Needlestick Safety and Prevention Act
- Meets OSHA BBP guidelines

Product No.	Description	Quantity
SPG-101-18-07	18 Gauge x 7 cm SPpro™ GWI Sharps Safety Needle	25/Cs
SPG-101-19-07	19 Gauge x 7 cm SPpro™ GWI Sharps Safety Needle	25/Cs
SPG-101-21-07	21 Gauge x 7 cm SPpro™ GWI Sharps Safety Needle	25/Cs

SharpStop™ Needle Box

- Provides a place to safely park needles
- Hinged cover allows sharps to be easily collected and safely contained for disposal in sharps container
- Not made with natural rubber latex
- All items packed sterile

Product No.	Description	Quantity
77-400113	10 Count SharpStop Needle Holder	50/Cs
77-400114	20 Count SharpStop Needle Box	50/Cs

SharpStop is a trademark of DeRoyal.

SHARPS SAFETY

SharpStop™ Sharps Transfer Tray

- A disposable device for transferring and passing commonly used sharp instruments
- Accommodates wide range of scalpels, sutures, trocars, forceps, K-wires, syringes, and retractors
- Center finger guide cradles scalpel for safe removal
- Sloping sides automatically direct dropped scalpels into safety position
- Underside accommodates the practical positioning and safe passing of multiple instruments
- Designed by a scrub nurse and proven user-friendly for entire operating team
- Not made with natural rubber latex

Product No.	Description	Quantity
25-2244	Sharps Transfer Tray	24/Cs
25-2244NS	Sharps Transfer Tray, Non-Sterile	24/Cs
25-2244V	Sharps Transfer Tray w/Hook-and-Loop	24/Cs

Safety Products & Supplies

SHARPS SAFETY

Needle Cap Caddie™

- Meets O.S.H.A. Standards for one-handed needle recapping
- Facilitates safe recapping and exchanging of needles
- Accommodates all sizes and brands of hypodermic, spinal and I.V. needles
- Positions up to 10 needles at a time
- Indentions securely grip and station cap during needle removal and re-capping
- Helps to eliminate accidental needle sticks to clinicians during recapping
- Adhesive backing for stable placement
- Available sterile and non-sterile
- Not made with natural rubber latex

Product No.	Description	Quantity
30-940	Sterile	30/Cs
30-940NS	Non-Sterile	30/Cs

Needle Cap Caddie is a trademark of DeRoyal.

Instrument Pads

- Raised magnets hold instruments securely in place
- Non-slip foam backing adheres to any patient drape for secure positioning
- Encourages hands free instrument passing
- Neutral zone holds instruments without causing magnetic transfer
- Not made with natural rubber latex

Magnetic Without Transfer Zone

Product No.	Description	Quantity
25-001	10" x 16"	30/Cs
25-002	16" x 20"	20/Cs

Magnetic With Transfer Zone

Product No.	Description	Quantity
25-003	10" x 16"	30/Cs
25-004	16" x 20"	20/Cs

Blue Non-Magnetic

Product No.	Description	Quantity
25-011	20" x 16"	30/Cs

Pink Non-Magnetic

Product No.	Description	Quantity
25-012	12" x 16"	25/Cs
25-012NS	12" x 16"	200/Cs

SHARPS SAFETY

Safety Strainers

- Allows the removal of contaminated instruments from basins without requiring personnel to place hands in contaminated fluid
- Fits standard ring basins
- Does not interfere with normal ring basin use
- Not made with natural rubber latex

Product No.	Description	Quantity
89-5014	Rigid, Sterile Strainer	8/Cs
89-5015	Rigid, Sterile Strainer w/7 Qt Basin	8/Cs
30-910	Flexible, Sterile Strainer	50/Cs

UmbiliCup™ Cord Blood Collection Device*

- A patented* collection device to safely and efficiently facilitate cord blood collection
- Use for umbilical cord sampling and blood gas collection
- Also acts as a transporting device for lab testing
- Eliminates the use of an exposed sharp needle, reducing the exposure to blood and decreasing the risk of a needle stick injury

Product No.	Description	Quantity
72-8000	UmbiliCup, Sterile	24/Cs

*U.S. Patent # 5,342,328

UmbiliCup is a trademark of MKMI Medical Innovations.

FLUID SAFETY

Safeliner® Semi-Rigid Liner System

- Innovative adhesive seal on lid keeps lid securely in place to help prevent leakage and spills once full
- Spill-safe for clinicians
- Self-aligning lid allows for quick and easy lid assembly
- Improved flow rates allow for greater suction power in clinical settings
- Innovative filter technology helps prevent backflow of aspirated fluids into hospital vacuum systems
- Canisters are nested for efficient packaging and storage
- Patent pending

Product No.	Description	Quantity
71-6510	1000 cc Semi-Rigid Liner	100/Cs
71-6515	1500 cc Semi-Rigid Liner	100/Cs
71-6530	3000 cc Semi-Rigid Liner	50/Cs
71-6516	1000 cc Semi-Rigid Kit w/1 Elbow & 3/16 x 6 ft. Connector Tubing	72/Cs
71-6517	1000 cc Semi-Rigid Kit w/1 Elbow & 1/4 x 6 ft. Connector Tubing	72/Cs
71-6526	1500 cc Semi-Rigid Kit w/1 Elbow & 3/16 x 6 ft. Connector Tubing	72/Cs
71-6527	1500 cc Semi-Rigid Kit w/1 Elbow & 1/4 x 6 ft. Connector Tubing	72/Cs
71-6529	3000 cc Semi-Rigid Kit w/1 Elbow & 1/4 x 6 ft. Connector Tubing	36/Cs

Safeliner is a registered trademark of DeRoyal.

Critical Measurement Canister

- Ideal where small volumes of fluid must be accurately measured
- 300 cc total capacity
- Fits in standard 1200 cc wall bracket
- Clear, easy to read gradations with calibrations in 5 cc increments
- ± 10% accuracy at 0-25 cc; ± 5% accuracy at 25 cc or greater
- Steps at 50 cc and 150 cc for fast and easy "at-a-glance" readings
- Can be used as stand-alone or in tandem
- Includes shut-off filter mechanism

Product No.	Description	Quantity
71-7101	Critical Measurement Canister	48/Cs

FLUID SAFETY

Crystalline™ Disposable Rigid Suction Canisters

- Available in 1200 cc, 1500 cc, 2500 cc, and the Omni-Jug that holds 16 Liters
- Secure press-on lids for safe, non-leaking transport
- Easy-to-read ports and convenient tube holders
- Smudge-free writing surface with both etched and printed volume measurements
- Shut-off filter effectively traps microorganisms and shuts off when full
- Custom kits available
- Not made with natural rubber latex

FLUID SAFETY

Solidifier

- The fastest-acting solidifier on the market
- Absolutely DOES NOT require shaking
- Reduces risk of exposure to contaminated body fluids
- Available in several sizes
- Not made with natural rubber latex

Product No.	Description	Quantity
71-0500	Burstable Pouch, 500 cc	200/Cs
71-1000	Burstable Pouch, 1000 cc	96/Cs
71-1200	Solidifier, 1.3 oz, gels 1200 cc	96/Cs
71-1500	Solidifier, 1.6 oz, gels 1500 cc	96/Cs
71-2005	Solidifier, 2.1 oz, gels 2000 cc	36/Cs
71-3000	Solidifier, 3.2 oz, gels 3000 cc	36/Cs
71-9000	Solidifier, 9.5 oz, gels 9000 cc	12/Cs
71-18000	Solidifier, 19 oz, gels 18,000cc	12/Cs

When tested, DeRoyal Solidifier averaged a mere 1.13 minutes to achieve total solidity, Versus the 5.37 minutes needed on average by other leading solidifier products – products that were prone to sand-like consistency or jelly-like spills afterward.

The Suctioner™

- Anti-microbial disposable surgical mat
- Address three major OR issues: surgical comfort, fluid buildup, and OR Safety
- Designed and tested by world class surgeons, OR nurses, and technicians
- Incorporates revolutionary engineering process consisting of non-slip molded foam with custom tapered fluid channels
- Fluid channels help aid in keeping surgical team's feet dry and helps reduce the risk of tracking body fluids throughout the OR suite
- Elasticity and cushioning provide exceptional comfort during prolonged, strenuous surgeries; mitigating foot, leg, and back pain
- Incorporates a proprietary, highly-effective vacuum system for quiet, continuous suction. Attach directly to suction can or suction device using standard suction tubing
- Helps reduce need for countless blankets and towels placed on OR floor to absorb fluids
- Less mess on the OR floor helps provide shorter room turn-over time between surgeries
- Not made with natural rubber latex

Product #	Description	Quantity
USA-X10D	The Suctioner™ (36" x 56")	10 mats/Cs

H2NO™ Suction & Anti-Fatigue Mat

- Light weight for ease of set-up and disposal - less stress and improved room turnover times
- Economical and necessary for heavy fluid procedures - eliminates laundry on the floor
- Strong, yet quiet, suction with anti-fatigue properties - safe and comfortable
- Non-skid design with fluid channels to keep your feet out of standing fluid - safety
- Single use - eliminating cross contamination possibilities
- Not made with natural rubber latex

FLUID SAFETY

Dri-Safe™ Absorbent Pad

- Super absorbent, economical disposable floor pads which eliminate expensive laundry costs
- For use wherever fluids build up, including OR floors, in front of scrub sinks, lab stations floors, etc.
- Helps prevent slips and falls, as well as the transmission of harmful contaminants to healthcare providers
- Impermeable poly backing option promotes safety and keeps the pads firmly in place - fluids are locked in
- Significantly reduces OR turn over times and helps prevent cross-contamination in your facility - disposal is simple
- Available in multiple sizes
- Not made with natural rubber latex

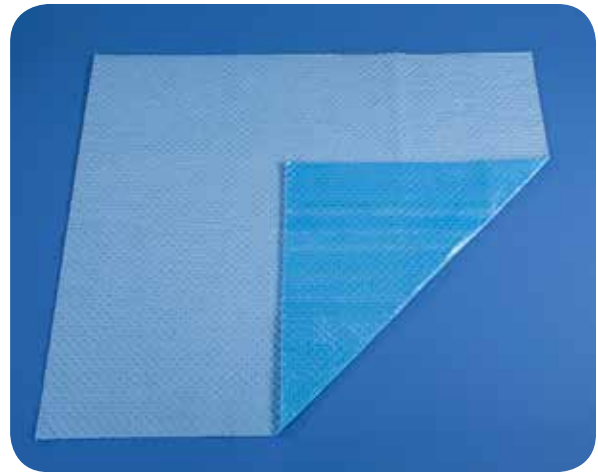

Product #	Description	Size	Quantity
71-4307	Dri-Safe Absorbent Pad, Blue	28" x 40"	20/Cs
71-4308	Dri-Safe Absorbent Pad, Blue w/Poly Backing	28" x 40"	20/Cs
71-4309	Dri-Safe Absorbent Pad, Blue	30" x 56"	15/Cs
71-4310	Dri-Safe Absorbent Pad, Blue w/Poly Backing	30" x 56"	15/Cs

Blue Absorbent Mats

- Three sizes to accommodate any size operating room, lab station, decontamination room, or scrub sink
- Light weight and pliable with the ability to fold - meaning ease of lifting and placement on the stocking room shelf
- Accommodates rolling casters on carts and accessories - will not tear or bunch
- Laminated impermeable backing eliminates fluid contact to floor and staining
- Cost reduction in the number of soiled linens laundered
- Not made with natural rubber latex

Product #	Description	Size	Quantity
71-4304	Blue Absorbent Mat, Small	46" x 40"	10/Cs
71-4305	Blue Absorbent Mat, Small	46" x 72"	10/Cs

FLUID SAFETY

Multi-Purpose Tube Holder

- Designed for quick and easy placement of all sizes of tubing and lines
- Easy-to-apply adhesive base attaches firmly to skin, cloth or drapes
- Gentle to skin and easily removed without painful pulling
- Holds lines securely in place once line is positioned on patient
- Secure placement for positioning to create slack without bladder traction, thus decreasing risk of urinary track infection
- Not made with natural rubber latex

Product No.	Description	Quantity
30-1002	Tube Holder, Medium, Non-Sterile	50 Pks/Cs
30-1003	Tube Holder, Large, Non-Sterile	50 Pks/Cs

Tab folds to hook-and-loop center for use with or without adhesive center.

Adhesive backing on central tab prevents tube dislodgement.

Sponge Counter

- Allows continuous sponge counting and containment to minimize exposure to bloodborne pathogens
- Easy open pockets for the simple disposal of used sponges
- Accommodates five Laparotomy sponges or ten 4 x 4s
- Clear polyethylene pockets allow sponges to be viewed for visual estimate of patient blood loss
- Additional bags can be placed over filled ones as necessary
- Available with adhesive closure
- Not made with natural rubber latex

Product No.	Description	Quantity
25-500	Sponge Counter Bags, Clear Back, Non-sterile	250/Cs
25-551	Sponge Counter Bags, Blue Back w/Adhesive Seal, Non-sterile	250/Cs
25-501	Mounting Bracket	1 each

PERSONAL PROTECTION

ProShield®

- Helps eliminate costly endoscope transport damage
- Funnel style opening for quick and effortless insertion of scope, perfect for secured transport of scope
- Individually sealed to keep inside of ProShield clean, preventing micro-organism carrying dust from settling on or in tube surfaces
- Peel-pack seal for quick removal and use during stat rushed conditions
- Sealed bottom contains contaminants and allows use of a rinsing solution to quickly remove materials before they harden and dry
- Enhanced and improved patient and staff safety
- Effortless scope storage allows re-introduction
- Enables immediate enzyme soap soaking of scope at patient bedside
- Helps reduce hospital-acquired infections and liability
- Not made with natural rubber latex

COSMIC NEE-NOGGS® FACIAL PROTECTION PRODUCTS

The Cosmic Nee-Noggs have been designed and extensively researched to be pleasing, likable, and fun for children between the ages of three to eight. The staff can wear the facial products and use the Nee-Noggs devices with the children to help them feel more comfortable, less frightened, and a bit more playful.

In addition to the added patient care aspect, the facility can use the Nee-Noggs to promote themselves as the best place to bring children for high quality yet comfortable, non-threatening care.
