

GertieCrib

by  KaysenBetten

The only Safety Standards Compliant Adapted Crib for parents with Special Needs

Gertie crib is adaptable to any height suitable for parents with different medical conditions such as; wheelchair confinement, limited arm strength, diminished upper body flexibility, dwarfism etc. Four doors in the front allow direct access to baby. The doors can be fully or partially opened allowing full control of the baby at all times even when the parent has limited mobility.

Gertie crib conforms to CPSC mandatory Safety Standards.

Registered with FDA as Home Medical Equipment.
