

**Stonehaven Medical's Balance 3 Section Sierra Model BAL1060** combines exceptional quality and durability with a stylistic design. It is specifically constructed for heavy manipulation with the top section completely supported by a heavy-duty steel frame, holding a weight capacity of up to 500 lbs (225 kg). A breathing hole and a dual sided cushion face plug are provided. The 3 Section Sierra Table's height is adjustable from a minimum of 18" (45 cm) to a maximum height of 36" (91 cm) by hands free, foot-operated up/down levers and is ADA Compliant (Americans with Disabilities Act). Cushions feature 2" foam with a choice of six attractive upholstery colors to compliment any decor.
