SNORING STOPS HERE

Contact-free, hassle free.

Smart Nora uses AI to predict snoring, then creates a gentle and slow motion under the pillow to stimulate airway muscles and stops snoring without waking up the user or the bed partner.

Smart Nora is easy to setup and extremely comfortable, leading to high levels of adherence and life changing benefits for users.

The New York Times
Wirecutter

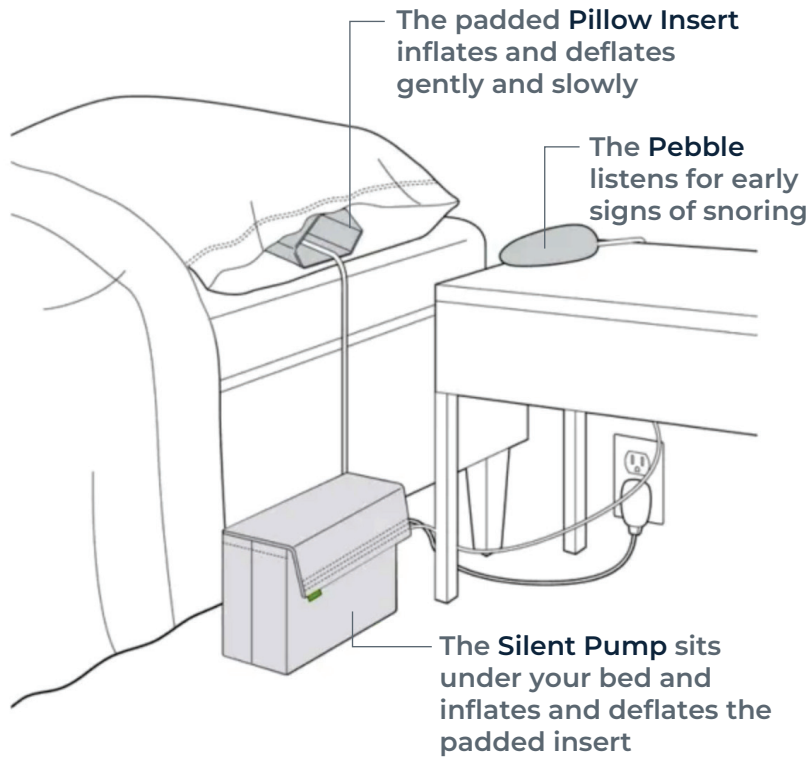

"Best anti-snoring solution."

2010, 2021, 2022, 2023
