

THERMAL VENT® HEEL-RITE™

- Daytime plantar fasciitis relief
- Heel straps help support the plantar fascia to ease pain
- Fits comfortably in most shoes
- Bilateral design fits right or left foot

THERMAL TECHNOLOGY

Engineered with MVT²:
MicroVentilated Thermal Technology™

Thermal Vent Supports are a valuable aid to help rehabilitate injured tissue. These products provide warmth and heat therapy to help increase pliability and elasticity of muscles and tendons, making them more responsive to therapy and exercise.

DAYTIME PLANTAR FASCIITIS RELIEF

The Swede-O® Thermal Vent® Heel-Rite™ is a unique support designed to help relieve plantar fasciitis pain and discomfort.

Ease heel pain throughout the day by adjusting heel straps for optimal support to the plantar fascia ligament. The material is soft and comfortable against the skin; bilateral design fits right or left foot. With its low profile design, this product fits comfortably in most shoes.
