

Universal power procedure table

Designed for diagnostics, taking blood-samples, gynecology, dermatology and minor surgery.

- Fully electric multi-function table with four actuators and standard foot pedal control.
- The electronic control box and the actuators are versatile and easy to service. Featuring an automatic reset switch that returns the table to its starting position.
- Available in 110 and 220 V cc. configurations. The galvanized steel frame is fully covered with ABS for an attractive appearance as well as safety.
- The standard configuration includes an anatomic mattress, adjustable and removable headrest, two guides for medical accessories and a towel roll-holder.
- The anatomic mattress is made of top-quality foam that includes a five-year warranty. The upholstery is designed for medical use, long-lasting and easy to clean. Plus it is resistant to water, air and disinfectants.
