

Testimonials for Sprague Rappaport Stethoscope, MDF767

“...the stethoscope is great and is one of the best I have used. The only one I can truly hear well with...” -- Christina Mount, EMT-IV, NAEMT, NREMT, Emergency Medical Technician, Grandview Medical Center EMS, South Pittsburg, TN, USA

“The MDF Sprague Rappaport Stethoscope is the best that I’ve ever used. The length and the acoustics are perfect. I don’t leave home without it...” -- Jessie Taylor, Medical Doctor (33 years), FACEP, FAAFP, AMA, AMWA, ACEP, AAFP, ACOEM; New Hampshire State Medical Director of OH+R, AHA ACLS Director (18 years), State ECC Committee Affiliate Faculty UMC, NH, USA

“The acoustics are very good. I like the look and the tubing length makes auscultation much easier. Over all this is a good product.” --Charles Cusumano, FMP, PA-C, Crossroads Family Medicine, Campbellsville, KY, USA

“Both the small (pediatric) and the big bowels (adult) have a good acoustic solution and serves as a great advantage concerning "auscultation" on patients of all sizes. The stethoscope is therefore highly recommended.” -
- Mads Lessing, M.D., Chief of Cardiology, Kalundborg Hospital, Kalundborg, Denmark
