when light matters

Easily alternate between light therapy mode and desk lamp mode, and choose from Daylight 6,000K, Cool light 4,000K and Warm light 2,700K in both settings. This highly functional lamp can be customized to your needs; simply adjust the brightness level to your liking, move the arm and shade into the perfect position, and charge your phone whenever needed using the built-in USB port. With a CRI (Color Rendering Index) of over 95 and a large 6.5" diameter shade, you can be sure of an exceptional light quality and shadow-free, evenly diffused light. Ideal for light therapy, office work, reading, creative work, video calls and content creation.
