

## MOBILE BIN SYSTEM

### MOBILE BIN SYSTEM - SINGLE ROW

Conveniently store and systematize your daily essentials in Luxor's Mobile Bin System. The spacious gray bins are available in two sizes and include an area for standard labels that dually operates as a handle for easy accessibility to stored items. Sturdy guide rails hold the polypropylene bins in place making the unit ideal for organization of large and small materials. Built with efficiency in mind, the Luxor Mobile Bin System's smooth flat-top surface can be used as a workstation or for additional storage, and the four rolling casters provide easy mobility across any floor surface. Choose from Luxor's single four or eight row options to create an effective storage solution that's perfect for any environment.

### MBS-SR-4L

- Versatile and functional storage units are ideal for schools, garages, or industrial facilities
