

Vanguard

Bariatric Wheelchair

POSITIONING
BRODA[®]

Shown with optional full seat and back vinyl wrap

Patient, Facility, & Caregiver Benefits

- Pressure redistribution that aids in maintaining skin integrity
- Improved air flow, decreasing heat and moisture build up
- Accommodation for conditions such as kyphosis and lordosis

Anterior and posterior tilt-in-space allows for easier repositioning

Swing Away, Removable Armrests facilitate side-transfers

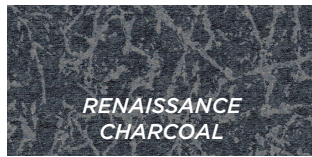

Comfort Tension Seating[®] increases support as well as sitting tolerance

Concave back for gluteal shelf improves user support & dignity

More Than Just a Wider Seat; Bariatric Care Redefined
