

Medium-to-Large Animal Scale | VET550

Stainless steel portable floor scale

The 7.0 ft (2.1 m) cable from the scale base to the display allows for the placement of the weight display wherever it is easiest to operate the keypad and read the weight.

Raised lip platform edges contain liquids, so they don't run over the edges of the platform.

DETECTO VET550 Veterinary Scale

- 550 lb / 250 kg capacity with 0.2 lb / 0.1 kg divisions
- Stainless steel platform for durability and easy wipe-down cleaning
- May be used for mobile or stationary veterinary practices and zoo keepers
- Scale can be powered by included AC power adapter or 4 AA batteries (not included)
- Programmable Auto-Shutoff turns off scale when not in use to conserve batteries (adjustable up to 5 minutes)
- HOLD key allows the animal's weight to be retained after leaving the platform
- Leveling feet allow you to ensure the scale is sitting level on the floor

Included with wall-mount display bracket and mounting hardware

Large stainless steel 36 in L x 22 in W / 90 cm L x 56 cm W platform with remote indicator

Built-in wheels and integral guide handle for easy transportation of scale to a new location

USB port for weight data transmission to an electronic medical records system
