

# WCS™ Closed-Toe

## Wound Care Shoe System

The WCS™ Closed-Toe Wound Care Shoe System is the product of choice when dealing with Wagner Grade 3 or greater ulcerations. The four multi-density insoles can be modified, effectively decreasing pressure from the plantar aspect of the foot.

# DARCO

Replacement insoles available. Sold separately.

## WCS™ Closed-Toe Features and Benefits:

- › **Four Multi-density Insoles** allow for the ultimate in customization and precisely targeted off-loading.
- › **Ultra-soft Plastazote® Lining** provides a virtually friction-free contact surface that won't exacerbate existing wounds.
- › **Sold in Pairs** to eliminate discrepancies in shoe height and the potential associated knee and hip pain.
