TOILET SEAT RISER

Owner's Manual
LVA1070

WHAT'S INCLUDED

- 1x Hinged Toilet Seat Riser
- 2x Long Screws (flat head - 6.125")
- 2x Round Plastic Washers (1.18" outer diameter)
- 2x Round Metal Washers (1.25" outer diameter)
- 2x Wing Nuts

OVERVIEW

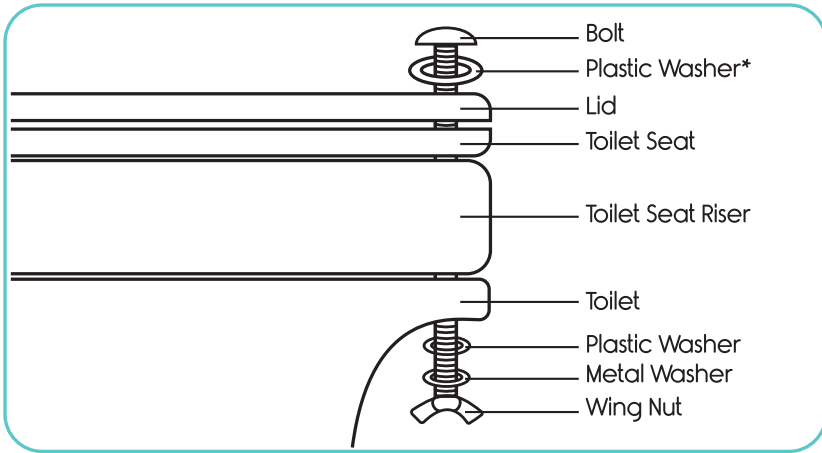

We are constantly answering questions and recording helpful videos to make using your Vive Toilet Seat Riser as easy as possible.

INSTALLATION INSTRUCTIONS

1. Unfasten the existing toilet seat and lid from the toilet and set aside.
2. Place the toilet seat riser on the toilet rim with the black grip pads down and align screwholes in back with seat mounting holes on toilet.
3. Attach the original toilet seat and lid on top of the toilet seat riser using the included hardware. Thread the screws through the holes in the back of the seat.

*Note: The plastic washers are normally placed on the underside of the toilet between the toilet and the metal washer, but placement can be adjusted depending on fit.

4. Tighten each screw with the included wing nuts.

FAQ

Q: Does this include a seat / lid?

A: No, but the riser is designed to fit under your existing toilet seat / lid.

Q: What are the slots on the side of the riser for?

A: These are handles included to help lift the riser for cleaning?

Q: How do I clean the riser?

A: The riser doesn't need any special cleaners or techniques, and can be wiped down with a traditional disinfectant.
