

WORKERS BACK SUPPORT

	SINGLE PATIENT USE
	NON-STERILE
	NOT MADE WITH NATURAL RUBBER LATEX
RX ONLY	FEDERAL U.S.A. LAW RESTRICTS THIS DEVICE TO SALE OR USE BY OR ON THE ORDER OF A PHYSICIAN OR PROPERLY LICENSED PRACTITIONER.

IMPORTANT INFORMATION

Please read all warning and instructions before use. Correct application is essential for proper product function and to reduce the risk of injury or re-injury inherent with the use of any brace.

INTENDED USE

The DeRoyal® Back Support is designed to reduce back fatigue at home or on the job. The Back Support adjusts for comfortable fit while standing, bending, lifting or stretching. It also provides support and encourages good working posture and is an essential part of all complete back safety programs.

This product is not intended to be a substitute for the practice of good body mechanics. Workers should follow proper lifting techniques in conjunction with the application instructions and should be monitored accordingly.

INDICATIONS

Mild low back pain; lumbar muscle weakness; lumbar sprains and strains

⚠️ WARNING

- A physician or properly licensed practitioner (a “prescriber”) who is familiar with the use and purpose of this brace must fit it to the user. The prescriber has a duty to provide wearing instructions and risks related to the use of this brace to other healthcare practitioners treating the users and the users themselves, including duration of use. The instructions provided in this sheet do not supersede hospital protocol or direct orders of the prescriber. Use only as directed.
- Prolonged usage can result in muscle atrophy in the user. The user may require (1) a weaning period from the brace to build muscle strength (2) regular physical therapy exercises to maintain the strength of the back (3) a limitation on duration of use, or (4) some combination of these.
- Inspect brace for damaged or missing components before use.
- Discontinue use and consult your prescriber if the brace or its components break or become damaged.
- Inspect the fit of the brace on the patient to ensure fit is proper. **DO NOT OVERTIGHTEN.** Check

regularly to ensure circulation and breathing are not compromised.

- Consult your prescriber immediately if you experience sensation changes, unusual reactions, swelling or increased pain while using this brace. Discontinue use if pressure injuries develop.
- Wear clothing underneath this brace.
- Take special care if the user is diabetic or has poor circulation as these users may have decreased skin sensitivity and are at greater risk for poor peripheral circulation and pressure injuries.

INSTRUCTIONS FOR USE

NOTE: A shirt should be worn under this brace.

1. Open elastic front panels and slip on the back support with suspension straps (if used) over your shoulders and the opening toward the front.
2. Center the wrap at the belt line and close by placing the left side against the body and pulling the right side over the left. Adjust buckles on suspension straps up or down for proper fit.
3. Before lifting, release the elastic side bands and stretch them forward as far as possible. Press in place. When lifting is completed, release tension in elastic side bands to preserve life of elastic.

CARE INSTRUCTIONS

Hand wash in lukewarm water with mild detergent. Air dry prior to wearing.

STORAGE AND TRANSPORT CONDITIONS

	KEEP DRY
	KEEP AWAY FROM SUNLIGHT
